**Illusions Holo**

The survival of any species is very related to the capacity to adapt to the environment. We have been inspired by the ease of chameleons to change their image to create this range of Holo finishes, where a finish becomes two and even three different colours depending on how the light affects the façade.

**Illusions Anodized**

To anodize is to protect, but also to beautify the aluminium.

**Alucoil®** has a wide portfolio of finishes that match anodized finishes, keeping the folding and curving properties of composite panels. There are no limits to elegance.
