

ISO Shipping Containers:

Information Required For Quotes

1. Type of Container(s) required?

See full catalog at:

<https://www.pacificmarine.net/marine-deck/new-shipping-containers-for-sale.htm>

2. Number of Containers Needed?

3. Nearest Port to Your Location for Delivery?

4. Would you like to consider free (low cost) one way shipping if available? ***

*** With shipper owned container (SOC) and free (low cost) one way shipping the container is shipped full with another companies cargo going to the same port.

The container will be used 1 time and may have some slight wear after use one time.

It may take longer to arrange shipment while the container awaits cargo going to the required port.

One Way Shipping is NOT available at many ports and at some ports it is available only during lower traffic time periods.
